

Eagle TF

A TruFlex® hybrid canola suited to mid to high production zones, backed by the PodVault® rating for improved pod shatter tolerance.

PodVault®

Eagle TF is a mid-maturity TruFlex® hybrid that delivers high yield and oil performance, making it the variety of choice in mid to high rainfall zones.

Now featuring Nufarm's PodVault® indicator of improved pod shatter tolerance, Eagle TF gives growers confidence with excellent early vigour and biomass, enhancing integrated weed management for superior weed control.

Eagle TF has performed exceptionally well in terms of yield and oil content in mid to high rainfall zones across Australia.

With a superior disease package to protect its top-class genetics, Eagle TF is a resilient performer and an easy choice.

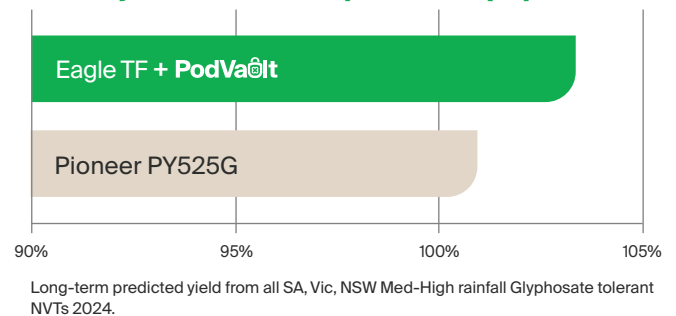

Key Points

- A mid-maturing hybrid suitable for mid to high production zones.
- PodVault® pod shatter tolerance results in lower seed loss during harvest.
- It has excellent early vigour and good biomass, ensuring strong early growth.
- Delivers improved yield and oil content.
- Superior disease package, rated R for blackleg resistance.

Description

Maturity	Mid
Blackleg Rating*	R
Blackleg Group*	ABD
Height	Tall
Oil	High
Seedling Vigour 1 poor – 9 very high	8
Standability 1 poor – 9 good	7
Pod Shatter Tolerance**	MT 
Alternative To	Pioneer® PY428R & PY525G, InVigor® LR 5040 P, Hyola® Regiment XC
Recommended Target Yield	1.5 – 4.0 TNS
