

# HYTTEC TROPHY

A highly-adaptable hybrid TT with top yield performance

HYB  
TT

## HyTtec Trophy is your top pick for early-mid maturing hybrid TT Canola.

If you're looking for a proven performer, **HyTtec Trophy** has form in the field.

**HyTtec Trophy** is an early-mid maturing canola which has shown exceptional yield performance against both current hybrid and open-pollinated TT varieties. **HyTtec Trophy** was among the highest yielding in early-mid season triazine tolerant trials and continues to perform strongly in National

Variety Trials across Australia.

**HyTtec Trophy** combines hybrid seed traits such as strong early vigour, a strengthened disease resistance package, superior yield performance and the value of the Triazine Tolerant herbicide system.

An EPR (End Point Royalty) of \$5 per tonne (ex GST) applies to **HyTtec Trophy**.

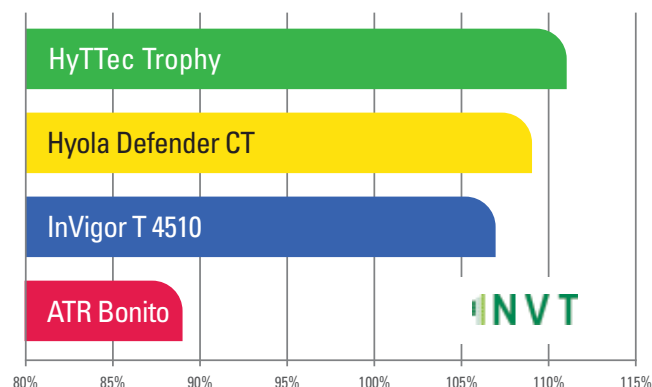

### KEY POINTS

- Top of the table yield performance for superior returns
- Strong early vigour driving better establishment and resilience
- Highly adaptable to a range of growing environments
- Strong blackleg resistance for extra security
- Available under an End Point Royalty
