

Eagle TF

A TruFlex® hybrid canola suited to mid to high production zones.

Eagle TF is a mid-maturity TruFlex® hybrid that delivers high yield and oil performance, making it the variety of choice in mid to high rainfall zones.

Eagle TF gives growers confidence with excellent early vigour and biomass, enhancing integrated weed management for superior weed control.

Eagle TF has performed exceptionally well in terms of yield and oil content in mid to high rainfall

zones across Australia.

With a superior disease package to protect its top-class genetics, Eagle TF is a resilient performer and an easy choice.

Key Points

- A mid-maturing hybrid suitable for mid to high production zones.
- It has excellent early vigour and good biomass, ensuring strong early growth.
- Delivers improved yield and oil content.
- Superior disease package, rated R for blackleg resistance.
