

# HyTTec<sup>®</sup> Trophy

A highly adaptable hybrid TT canola with top yield performance.

## HyTTec<sup>®</sup> Trophy is your tried, tested, and proven top choice for early-mid maturing hybrid TT Canola - the consistent all-around performer.

If you're looking for a proven performer, HyTTec<sup>®</sup> Trophy has a strong track record in the field.

HyTTec<sup>®</sup> Trophy is an early-mid maturing canola that has shown exceptional yield performance against both current hybrid and open-pollinated TT varieties. HyTTec<sup>®</sup> Trophy was among the highest yielding in early-mid season triazine

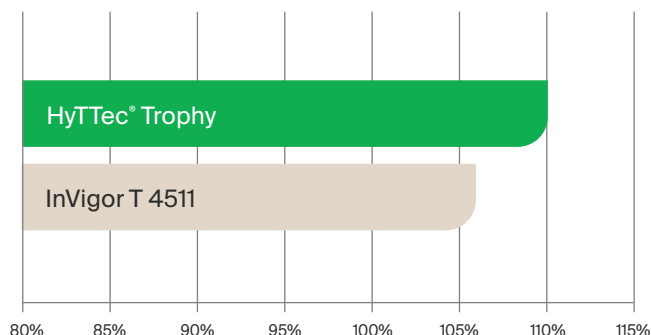

tolerant trials and continues to perform strongly in National Variety Trials across Australia.

HyTTec<sup>®</sup> Trophy combines hybrid seed traits such as good early vigour, a strengthened disease resistance package, superior yield performance and the value of the Triazine Tolerant herbicide system.

### Key Points

- Consistent, proven yield performance for superior returns.
- Good early vigour driving better establishment and resilience.
- Highly adaptable to a range of growing environments.
- Strong blackleg resistance with an R rating for added security.
