

## COBALT 2

Cobalt 2 is an early maturing, high-oleic hybrid with resistance to multiple races of downy mildew. With excellent disease tolerance and Clearfield® technology, Cobalt 2 is a perfect choice for all sunflower growing regions.

- Early maturity, high oleic type
- Resistant to multiple races of downy mildew
- Excellent seed set and centre fill
- Under best agricultural practices, high oleic levels can reach up to 90%
