

NEW N4H470 CLP

All-in-one hybrid with improved weed control. This hybrid delivers an all around win on the farm. With excellent agronomics including solid stalks and roots, plus the added benefits of downy mildew resistance and improved weed control with the Clearfield Plus® production system, growers will achieve solid yields and top-end oil content.

- Mid-late, high oleic type
- Resistant to multiple races of downy mildew
- Excellent stalk and root strength
- Under best agricultural practices, high oleic levels can reach up to 90%
