

## N5LE442

N5LE442 is a conoil hybrid with the Express® trait. This mid-late maturity hybrid has a high yield potential with multiple usage options for processors. This striped grain has good kernel to hull ratio and creates flexibility for bird food markets and for growers and processors.

- Mid-late maturity, conoil type
- Uniform hybrid
- Striped conoil suitable for dehulling and bird food
- Good kernel to hull ratio
