

## N6LM304

N6LM304 is an in-shell, black, confection hybrid that has been bred with the Clearfield Plus® system to help it thrive in fields with a heavy weed burden. It is a mid-late maturity hybrid giving growers a high degree of management flexibility. Its large, black grain and high yield potential make it appealing to growers and processors alike.

- Mid-late maturity, black confection type
- Suitable for in-shell usage
- Excellent kernel to hull ratio
- Stable hybrid
