

X4334

X4334 produces XL, long and dark, striped grain, demanded by the ever-changing global confection markets. This Clearfield® tolerant hybrid has an above average yield, good uniformity and good late-season plant health. Ideal for the in-shell confection market, the majority of the grain are in 9+ to 10+ round sieve sizes.

- Mid-late maturity, striped confection type
- Excellent grain colour and size
- Excellent standability
- Fits several export markets
