Ω3 CANOLA
PRODUCTION SYSTEM

PROFIT AND PERFORMANCE FOR DRIVEN BY MARKET DEMAND

Nufarm is partnering with select growers to provide a sustainable source of land-based omega-3's — supporting the growing needs of both aquaculture and human nutrition markets.

DHA PRODUCTION COMPARISON

THE OMEGA-3 CANOLA PRODUCTION SYSTEM ADVANTAGES

- Soil health and water management benefits
- Stable yields
- Weed resistance management
- Premiums
- End use market opportunities and agronomy support

aquaterra®

Nutriterra

Nuseed Omega-3 Canola is processed into our proprietary oil ingredients, Aquaterra® for aquafeed and Nutriterra® for human nutrition markets. Both products are more than just alternative sources of omega-3; they are uniquely rich in total DHA, vital building blocks for good nutrition.

CANOLA PRODUCTION SYSTEM

CONTRACT ADVANTAGE

The Omega-3 Canola Production System delivers fair, competitive market value profit potential via grower controlled, flexible contracting options and stable yield performance, in support of land and ocean sustainability.

Nufarm factors in farm location, business priorities, stewardship and production capabilities for our contract producers.
