NuSilB4-0429 BMR

Full season BMR silage hybrid with high yield potential and high grain to stover ratio.

This outstanding BMR forage sorghum produces large tons with a high grain to stover ratio and is 100% LDP eligible. Six to 8 foot height is ideal to maximize tonnage and lodging resistance. Because of the high grain to stover ratio, animal performance is excellent in both feedlot and dairy.

Uses: Grazing | Feed | **Silage**

Hybrid Characteristics:

Grain Color: Bronze

Plant Height: 72-96"

Panicle Type: Grain

BMR: Yes

Maturity

Maturity: Full

Days to 50% bloom: 85-90 days

Days to Harvest: 115-120 days
