

## NEW Products, NEW Opportunities

HYBRIDS RIGHT  
FOR EVERY FIELD  
AND EVERY MARKET.

### SUNFLOWERS

#### *NEW High Oleic Hybrids*

Nuseed® is proud to introduce our newest high oleic hybrids, bred specifically to deliver performance, yield and profitability for sunflower growers.

#### N4H302 E - *The Early Riser*

Excellent oleic content with ExpressSun® herbicide tolerance and medium-early maturity.

#### N4H470 CL Plus - *The Weight Lifter*

High performance agronomics including DMR and the Clearfield® Plus production system for improved weed control in a medium maturity hybrid.

#### N4H521 CL - *The Headliner*

Outstanding yield potential in a full season hybrid plus DMR and the Clearfield® production system.

### CANOLA *NEW Crop Option*

**TruFlex™**  
CANOLA with Roundup Ready®  
Technology

Nuseed is proud to present their first hybrid in the U.S canola market.

#### NC401 TF - *Bred for the Northern United States*

Outstanding early season plant health, excellent pod set and chosen specifically for its yield potential and unique TruFlex™ trait and Roundup Ready® Technology.

**Introductory Offer:** Customers who purchase a minimum of 12 bags of Nuseed canola seed can earn a \$40 per bag rebate on orders placed prior to **December 31, 2019**.

Contact our Official Canola Distributor, Legend Seeds, at (888) 678-3346 or go to [LegendSeeds.net](http://LegendSeeds.net) to find a dealer near you.

### OMEGA-3

#### *NEW On-farm Opportunity*

We don't sell our Omega-3 Canola seed, we partner with select growers.

Omega-3 is an essential nutrient to human health. Demand for Omega-3 is growing, as is the pressure on the ocean fish stocks to supply it. Nuseed Omega-3 Canola provides a sustainable land-based solution and a new contract opportunity for growers.

Email [Omega3Canola@nuseed.com](mailto:Omega3Canola@nuseed.com) for a contract production assessment, or contact Michael Schaefer for more contracting information at (701) 818-2375 or [michael.schaefer@nuseed.com](mailto:michael.schaefer@nuseed.com).
